We do have a heated workshop room so we can learn inside in case of constant rain. Also, bring gear that can get dirty, possibly permanently!*

Please DON'T BRING: Cell phones, iPads, iPods, Kindle, video games, gum/candy, weapons or tools not specified above, negative attitude (sense of humor is okay though!), or any medications that are not specifically ordered by a doctor.

Ticks/Poison Ivy

We have a low tick presence and will go over our protocol for daily tick checks during our orientation which is an important health and safety consideration for many parents and school officials. Combined with low to no poison ivy, we find that our trips are more enjoyable, too!

Housing & Accommodations:

We have several cabins with beds or bunks and tents available. Our camp has a fire circle and the cabins are accessible by car if needed. Our farmhouse houses our apprentices, staff and office, camp kitchen, bathrooms/showers and a small dining area. We have a heated workshop room in our barn that makes for a comfortable learning classroom and indoor space in case of strong weather. All tools and materials will be provided during the course, with the exception of your knife.
